Dear Mr. Shannon:

SUBJECT: ARGONNE ILLINOIS SITE ACTION PLAN

Enclosed for your information is the Argonne Illinois Site (AIS) Action Plan developed in response to the Department of Energy (DOE) Tiger Team Assessment in October 1990.

The AIS Action Plan was approved by the Secretary of Energy on April 24, 1991, and is being implemented by DOE and the Argonne National Laboratory. The more critical actions affecting health, safety or the environment have already been completed or are either in process. The remaining actions have been scheduled and will be completed on a priority basis according to available resources.

The Department, and the Laboratory are committed to an excellent environment, safety and health program and to compliance with federal, state and local environmental laws and regulations.

If there are any questions with regards to the AIS Action Plan, please contact Mr. Frank F. Gorup, of my staff at FTS 972-2249 or (708)-972-2249.

Sincerely,

A handwritten signature in cursive script, reading "A. L. Taboas", is positioned above the printed name.

A. L. Taboas
Area Manager
